

FOR MANUAL DISPENSE

MK3

Since 1974, the MK3 is the ideal dispenser for jewelers and watchmakers for manual dosing application of brazing paste or any thick fluids.

Easy-to-use, it ensures a precise dispensing and is perfectly suited for trials and small series.

Features and Benefits

- ✓ Easy-to-use
- ✓ Very precise application
- ✓ Economical solution
- ✓ Usable with any 3cc syringes of HILDERBRAND® brazing pastes
- ✓ Empty syringes available
